Introducing the VBS Healing Center

Valley Beth Shalom has created an innovative and groundbreaking Healing Center to ensure that the synagogue is ready to offer you support and comfort in times of illness and mourning and to share your joy in events such as the birth of a child. A team of trained volunteers from our VBS membership will be available to perform the mitzvah of **Bikkur Cholim** (visiting the sick), promote healing by reinforcing connections to our caring community, and to offer help in any way possible.

If you are in need of these services or are aware of another member who is, please contact **Susan Rubin, Healing Center Coordinator**. You can reach her at srubin@vbs.org or through the **VBS Healing Center Hotline** at (818) 530-4056.
