

VBS HAZAK

Lifelong education and enrichment for mature Jews (55+)

Dear Hazak Friends,

We are proud to present our 2nd Semester VBS Hazak program for seniors from February through May, 2019. Not only have we created an excellent educational program that rivals any in the Valley, but we continue to support a learning and social community for seniors (age 55+) at VBS. Two Mondays a month we have topical morning classes and lectures by experts, along with afternoon program options for Torah Study with our Rabbis, Great Decisions discussions on foreign policy issues, and Mah Jongg.

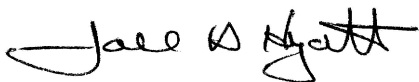

During our 2nd Semester, we also have a couple special programs:

- Art Experience on April 15. Stay tuned for more information
- Annual Year-end Celebration on May 20, with lunch and entertainment. More information to follow.

Since our Hazak program is of such high caliber, I urge you to invite your friends and other guests so we can share the VBS Hazak experience more widely.

Thanks for your involvement and support.

Yours truly,

Joel Hyatt
Hazak Committee Chairperson
